Publications

5. Steven Nyanzi, Ogorogile Mokate and Wilfred A. A. Ddamba (2008) "Volumetric and Refractive properties of [Difurymethane + (2-Propanol or 2-Butanol)] Binary Mixtures at 298.15 K" Asian Journal of Chemistry, 20, 4836 - 4848

8. Steven A. Nyanzi, Bernd Carstensen, Wolfgang Schwack (2005) "A Comparative study of fatty acid profiles of Passiflora seed oils from Uganda". J. Amer. Oil Chemists Soc. 82, 41 - 44

Selected Presentations at National, Regional and International Conferences, Workshops

1. Steven A. Nyanzi, Maureen B. Isiko and Francis Kateregga "Unraveling the potential of Derivative spectrometry in the trace analysis of urea in biological fluids 4th SETAC AFRICA Meeting, Speke Resort Munyonyo, 2–5 November 2009

3. Steven A. Nyanzi "Does DDT use address the root cause of Malaria in Uganda? Do we have alternatives? Strategies for sustainable Malaria Control". Presentations to the Buganda Lukiiko, Bulange-Mengo, June 20th, 2007

8. Steven Nyanzi "Innovative Small Scale Industries in Developing Countries", 4th East and Southern Laboratory Managers' Workshop, 12 – 16th September 2005, Morogoro, Tanzania

9. Steven A. Nyanzi "Does Uganda have the resources and the innovative power to control Malaria without DDT?" Makerere University Academic Staff Association Public Lecture (MUASA). 4th Level Senate Building, Thursday 26th May 2005, Makerere University

10. Steven A. Nyanzi "Local Alternatives to DDT in Malaria Control Programs". Four Workshops on DDT in the Rwenzori Region (Kasese, Fort Portal, Bundibugyo, Kyenjojo) in Uganda, 5 – 11th May 2005

Graduate Students supervision

2. Arinaitwe Kenneth, M.Sc. (2008) "Analysis for Selected Pesticide Residues in Capsicum annuum (Sweet Pepper) and Solanum melongana (Egg Plant) fruits sold in some Kampala Markets", Makerere University

4. Omujal Francis, M.Sc. (2010) "Post-harvest handling practices and physio-chemical characteristics of shea (Vitellaria paradoxa) fruit in Uganda", Makerere University

Selected Awards

2. 2004 Makerere University Vice-Chancellor's Award for Innovation and Excellency "Biogas fuel from livestock wastes as an alternative to firewood and charcoal at the district level" for Steven Nyanzi (PI), John B. Kaddu, George W. Nyakairu and Godfrey Mabudo.
3. 2003 Innovations and Development in Eastern and Southern Africa (IDESA) from the Uganda Small Scale Industries Association on "Prospects for converting corncob wastes into industrial chemicals, fuel briquettes and packaging materials" by Steven Nyanzi (PI) and Moses K. Musaazi

4. 1994 Bruno Roßmann Prize of the German Chemical Society for "Innovative contributions to the analysis of dithiocarbamate fungicides residues in wines and foodstuffs" by Steven Nyanzi at Universität Karlsruhe
